

### Blue Point Tower Residential apartment

This apartment was crafted to bring fresh intelligent design towards the intrinsic connection to it's location. The apartment offers an open, luxurious experience through a well-considered use of resort and minimal elements. Positioned to receive maximum natural light that spills through the arched windows framing the room, along with breath taking views of Sydney Harbour.

Materials have all been sustainably sourced and allows for a soothing and tranquil feeling. With the effect of soft furnishings such as linen sofas and sheer curtains, textures such as sandstone and timber, and architectural elements that create depth and proportion through the seductive curves that feature throughout the space. With these design elements this apartment has been brought to life to provide a beautiful sanctuary. It offers an experience that allows you to fully immerse yourself into heavenly dreamlike moment.
